### **Company Overview**

Bruckner Group Asia Pacific is a member of the family-owned Bruckner Group, headquartered in Germany. Founded in 1960, the company today leads a group of independent and strong engineering companies. More than 2,900 employees in 34 offices worldwide take care of their customers. With its pioneering technologies in film stretching, Brückner is the world market leader in this field of machine building. In Thailand, the Brückner Group has been present since 2021 through a fast-growing and BOI-supported subsidiary.

In 2021, Brückner Group Asia Pacific in Thailand was established as a platform company not only for technical services and commissioning of the Group's leading machinery and technical services provided by Brueckner Maschinenbau, Kiefel, Serv Tech and PackSys. Moreover, the Thai platform in Rayong also supports these world-famous Companies in their Brand Awareness and Marketing all over the Asia Pacific.

In 2023, the company has even decided to expand its activities into the production of important machine sections and to develop Thailand into an Asian hub with numerous, strategic tasks. As a result, the Brückner Group Asia Pacific now offers future-proof jobs to a large number of Thai experts for commissioning, technical services, commercial management tasks, as well as production and marketing.

Now, in 2024, the Brückner Group Asia Pacific will commence with these tasks to effectively establish its customer and market support for the entire Group Businesses in Asia Pacific.
