

Following up on our excellent results from 2017, we at Dr. Eckel (Thailand) Co. Ltd. decided to once again appoint “Sanet Creating Careers” for the recruitment of an administration manager in July 2019. The search for a candidate with excellent English skills and a wide arrange of competencies who would also remain loyal and dedicated to helping company executives was made even more difficult by the urgent timeline we had to impose on the project.

Nevertheless, “Sanet Creating Careers“ was able to meet our demands exceedingly – after filtering through more than 180 applicants from the pre-qualification phase, they were able to find us a candidate who more than met the requirements for the job and easily convinced us of her suitability for the position. Sanet’s recruiting process was very organized and ordered. The preliminary advice they supplied and their recommendations (composed in German as per our request) were very good, with the same being true when it came to their personal cooperation with our project management team. Thus, we sincerely recommend using the professional recruiting services that Sanet has to offer.

*Thank you very much for your support. I hope we can work together again soon.
Best regards,
Carsten Schmitz*
